Did you know that you could get \$500 just for signing up for water service before May 31, 2020? Well you can! Who can't use an extra \$500 for the holiday season?

The North Pole Utility is accepting applications for new customers for the water system installed in your

neighborhood last summer. Beginning in spring 2020, we will continue connecting new customers to the utility system. Connecting new customers to the utility system will be **FREE**

for eligible property owners! That could be a \$15,000, \$30,000 or more of value added to your property for free just by being connected to the water system. All eligible new water customers will receive a \$2,000 credit added to their new utility account. That means the first \$2,000 of water you use will not cost you anything!

There will be an **Open House on Wednesday, December 4 at the North Pole Plaza Mall from 3:00 to 8:00 PM** where you can learn more about signing up for utility service and you can submit a utility account application that will make you eligible for the \$500 early sign up bonus.

It is simple to sign up for water service:

1. Complete the enclosed Utility Account Application or get one at the December 4 Open House. To complete the application, you will need a copy of identification like an Alaska driver's license, Alaska ID, or passport to attach to the application. We'll have a copier at the Open House to make a copy for you. If more than one individual owns the property, like you and your spouse, both of you must sign the application.
2. We will accept applications at the December 4 Open House, or you can submit your completed application to the City of North Pole. Drop-off your application at the North Pole City Hall; mail it to the City (see address in letterhead); fax it to 907-488-3002; or scan and email it to **MSwanson@northpolealaska.org**. If you miss the open house, you can still sign up for water service and the \$500 early signup bonus until May 31, 2020.

If you have any questions, call us at 907-488-8538.
